BRIZO®

The Art Of Living Fashion

The Brizo® brand is a line of luxury fittings for those who believe fashion isn’t a set of rules to be followed. It’s the way you move through the world. And that story has evolved in Brizo's latest addition: the Beauclere™ Bath Collection. Replete with rich hues and stately architectures, the Beauclere™ Bath Collection celebrates the many-layered mysteries that fascinate us, time and again.

Spellbinding Detail

The malachite inlay exudes an irresistible allure: bands of bright and dark green form a hypnotic pattern in the stone, so no two handles are exactly alike.

Fascinating Finishes

Each of three handle options tells a singular story. And in every form, six brilliant finishes offer more avenues for creativity and expression.

Beauty In All Dimensions

Drawing on the ornate, yet peculiar charm of British manor homes, the collection’s mystery unfurls in every curious curve and mesmerizing detail—outfitting the entire bath space with unconventional elegance.
